

# INTERNSHIP PROGRAMS

2021 - ALL COLLEGE STUDENTS

Whether you are interested in ABA as an opportunity to help others or build your skills, a career exploration or a future goal, HEARTS provides a comprehensive training program that can incorporate your coursework requirements and prepare you to be fully capable working as a Behavioral Technician (BT).

We offer 2 types of Internship: Paid and Unpaid.

*Unpaid Internship* does not require you to commit to working for HEARTS upon the conclusion of your internship. You will not receive any wages during your internship except for mileage compensation in accordance with our policy. We will train and help you complete and evaluate any academic requirements that are parts of your internship.

*Partially paid Internship with Employment guarantee* requires you to commit to working with us for at least 400 hours as a BT during and after the conclusion of your internship. We will train and help you complete and evaluate any academic requirements that are parts of your internship. You will receive an hourly wage for the portion of the internship that is equivalent to our required training period in addition to mileage and travel time compensation in accordance with our policy. You will continue to work as an employee upon the conclusion of your internship. At the beginning, you will be required to sign a commitment to fulfill the designated hours.
